

Exploring New Horizons

AZAD INFRAPOWER PVT. LTD.
(Formerly Known as Azad Welding Works)

An ISO 9001:2015, 14001:2015
OHSAS 18001:2007 Certified Company
Engaged In EPC Turnkey Projects Including Designing & Manufacturing
A Wide Range Of LT & High Tension Electrical Accessories

Introduction

Founded in the year 1943 by **Late Rashid Azad** as a small scale unit under the name & style of **AZAD WELDING WORKS**, it has since progressed rapidly and established as one of the pioneer units in its field in India. We are now an ISO 9001:2015, 14001:2015 & OHSAS 18001:2007 certified company engaged in EPC Turnkey Projects including designing & manufacturing a wide range of LT & HT Electrical Accessories.

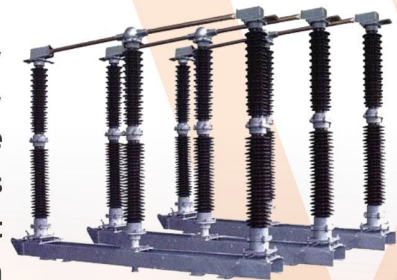

Azad Infrapower Pvt. Ltd. gradually widened its scope and area of operation to all over India and also exports to overseas countries.

OUR VALUABLE CLIENTELE:

Azad Infrapower Pvt Ltd have been manufacturing and supplying their quality products to almost all Electricity Authorities in India namely UP, Uttarakhand, Haryana, Punjab, Bihar, West Bengal, Madhya Pradesh, Rajasthan, Maharashtra and other states and also to NTPC, DESU, RDSO and CORE through participating in

their Global tenders. We are on the approved list of Govt. Contractors.

Our performance to overseas countries namely **West Indies, Singapore, Thailand, Nepal, Bangladesh and Malaysia, etc** speaks a lot about our quality and on-time delivery. **Due to superior quality, strength and accurate Customer's specifications, our products were approved and bought by Japanese Company SAE Ltd and extensively used in their projects in India.**

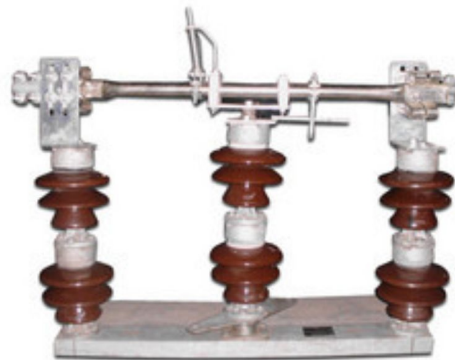

PASSIONATE ABOUT QUALITY

Wide Range of HT & LT Products

RANGE OF PRODUCTS:

Our range of products include high voltage Air Break/TPMO/GO switches, fuse sets, Horizontal and vertical isolators, High Voltage Transmission Line Conductor hardware, tension / dead end bolted type and compression type fittings, Suspension Fittings, Vibration Dampers, Earthing material and Clamps.

SPECIALIZED PRODUCTS:

We specialize in the manufacturing of 145 kV/ 220 kV/400 kV Isolators/ Disconnectors.

MANUFACTURING PROCESSES AVAILABLE:

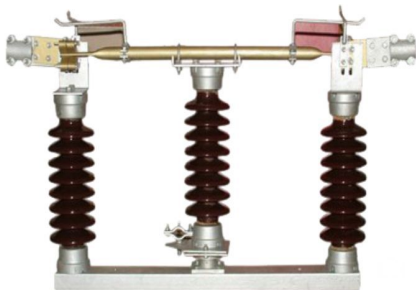

Two sprawling premises owned by the company situated in the outskirts of Bulandshahr city having the facilities of:- **CNC Machine, Power Presses of Different Capacities, Iron Casting, Malleable Iron Casting, Non-Ferrous Metal Casting, Aluminum Alloy Die Casting, Forging, Hammer Forging, Total Machining, Hot Dip Galvanizing and all other processes to complete the manufacture of our products with latest computerized machinery.**

PLANT & MACHINERY:

State of art plant and machinery of latest models with electric and electronic controls are installed within the factory premises and operated by skilled and experienced personnel.

QUALITY CONTROL:

Strict quality control is exercised during each stage of manufacturing. Qualified and experienced Engineers manage well equipped in-house testing laboratory, with regularly calibrated testing & measuring instruments for routine tests & type tests as per relevant ISS/BSS. Our products are manufactured in accordance with the provisions of IS:2486, IS:5561, IS:2551 IS:2121, BS:16 and other international standards.

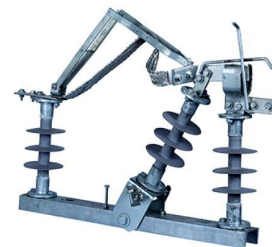

The products are regularly sent to top ranking Test Laboratories of India viz. CPRI and ERDA duly accredited by NABL, Department of Science & Technology, Govt. of India.

Strict vigil is maintained while procuring Raw materials only from reputed suppliers with prior test certificates.

Azad Infrapower Pvt Ltd is presently managed by Mr. Wasiq Azad and Mr. Shariq Azad. the young heirs of the founder, supported by a promising team of Managers, Engineers, skilled and semi-skilled workmen.

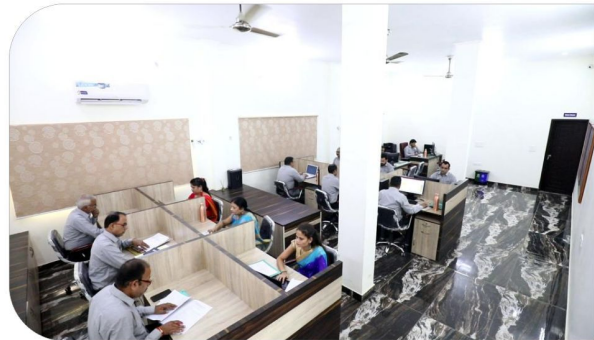

GROWTH & DEVELOPMENTS:

As per our policy of growth and progress, we are planning to vendor approval & drawing approval for various utilities & development of 420 kV Isolator/Disconnector Range.

COMMITTED FOR ON TIME DELIVERY
